

Private Hands-On Scanning: Advanced Critical Care Ultrasound

Hands-On Instructor:

Day One Hands-On Scanning		
8:45 am	Focused Abdomen	Model 1:
9:15 am	Focused Cardiac	Model 1:
10:15 am	Focused Cardiac	Model 2:
11:15 am	US Guided Peripheral Access	Model 2:
12:00 pm	Lunch	
1:00 pm	Focused Cardiac	Model 3:
2:00 pm	Rapid Ultrasound Evaluation for Shock & Hypotension	Model 3:
2:45 pm	US Evaluation of DVT	Model 3:
3:15 pm	Focused Cardiac	Model 4:
4:00 pm	Participants Choice	Model 4:
4:30 pm	Adjourn	

Important note: This is a blended education format in which you complete the didactics online utilizing our learning management system in **advance** of the hands-on scanning skills workshop. For the best ultrasound education experience, completion of the online course prior to the hands-on scanning workshop is **highly** recommended. Login to your account at GCUS.com and navigate to “My Activities” to view and complete the online course modules and post-module quizzes.

Private Hands-On Scanning: Advanced Critical Care Ultrasound

The Gulfoast Ultrasound Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Gulfoast Ultrasound Institute designates this live educational activity for a maximum of 7.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course also meets CME / CEU requirements for ARDMS. Note: While offering the CME credit hours noted above, activities are not intended to provide extensive training or certification for exam performance or interpretation.

NEEDS STATEMENT:

The planning committee has determined a need for the following educational activity based on request from the medical community, expanded utilization of ultrasound, and lab accreditation requirements.

COURSE OBJECTIVES: At the completion of the program, the participant should be able to:

1. Increase the participant's knowledge to better perform and/or interpret critical care ultrasound examinations.
2. Integrate spectral & color Doppler for evaluation of cardiac disease.
3. Perform a focused cardiac ultrasound examination.
4. Perform emergency ultrasound protocols for the detection of DVT.
5. Recognize ultrasound characteristics associated with cardiomyopathies, pericardial effusions, coronary artery disease, and diastolic dysfunction.
6. Assess/evaluate right ventricular function
7. Assess hydration status and fluid responsiveness in the emergency and critical care settings.
8. Identify sonographic characteristics associated with abdominal sepsis involving the hepatobiliary, renal, and GI systems.
9. Outline indications and applications of color Doppler in the emergency and critical care setting.
10. Demonstrate the use of ultrasound guidance for peripheral vascular access.
11. Outline the training requirements and Indications for transesophageal echocardiography.

While offering CME credits this activity is not intended to provide extensive training or certification for the performance or interpretation of Emergency Medicine Ultrasound examinations.

A special thanks to the following ultrasound equipment manufacturers who provide various (in kind) equipment support to help make our programs possible (companies listed are as of the time of printing).

Disclosure of Individuals in Control of Content

In addition to the faculty listed on the previous page the following individuals are recognized by GUI as being in control of content of this program:

James Mateer, MD, RDMS (Medical Director-planner & QI Task Force)

Medical Director, Gulfoast Ultrasound Institute
Milwaukee, WI

No relevant financial relationships to disclose

Charlotte Derr, MD, RDMS, FACEP (Co-Medical Director-planner & QI Task Force)

Assistant Professor of Emergency Medicine &
Fellowship Director of Emergency Medicine
Ultrasound Fellowship Program
University of South Florida Medical School
Tampa, FL

No relevant financial relationships to disclose

Andreas Dewitz, MD, RDMS (Member of Advisory Board & QI Task Force Subcommittee)

Associate Professor of Emergency Medicine
Vice Chair of Ultrasound Education
Boston Medical Center
Boston, MA

No relevant financial relationships to disclose

Lori Green, BA, RDMS, RDCS, RVT (Program Director-planner, Content Reviewer, QI Task Force)

Gulfoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Trisha Reo, AAS, RDMS, RVT (Program Coordinator-planner, Content Reviewer, QI Task Force)

Gulfoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

HANDS-ON INSTRUCTORS:

At the time of printing all hands-on instructors for this program have signed disclosure forms and have no relevant financial relationships to disclose. A verbal disclosure will be made during opening remarks. All scanning sessions are monitored by the program director and/or the program manager to ensure education objectives are met and no commercial bias occurs.

Content:

All content for this CME activity were reviewed and approved by member(s) of the GUI staff to determine content validity and ensure that no conflicts of interest exist prior to final course material compilation and printing.
