

Advanced Peripheral Nerve Ultrasound: Diagnostic and Interventional Applications

June 21-22, 2018

Thursday, June 21, 2018

7:45	Welcome and Continental Breakfast	
8:00	Interactive Polling Session	
8:15	Ultrasound Evaluation of Peripheral Nerves and Focal Neuropathies	Jeff Strakowski, MD
9:00	Break	
9:15	Ultrasound Guided Injections and Principles of Hydro-dissection	Victor Ibrahim, MD
9:45	Live Scanning Demonstration: Brachial Plexus and Shoulder Nerves	Jeff Strakowski, MD
10:10	Pathology of the Brachial Plexus and Shoulder Nerves	Victor Ibrahim, MD
10:40	Live Scanning Demonstration: Radial and Ulnar Nerves	Craig Chappell, DO, RMSK
11:00	Pathology of the Radial and Ulnar Nerves	Jeff Strakowski, MD
11:30	Injection Techniques for Shoulder, Radial and Ulnar Nerves	Victor Ibrahim, MD
12:00	Lunch	
1:00	Live Scanning Demonstration: Median Nerve at the Carpal Tunnel	Craig Chappell, DO, RMSK
1:20	Pathology of the Median Nerve	Jeff Strakowski, MD
1:40	Injection Techniques for the Median nerve	Craig Chappell, DO, RMSK
2:00	Hands-On Scanning	
5:00	Adjourn	

Friday, June 22, 2018

7:45	Continental Breakfast/ Announcements	
8:00	Live Scanning Demonstration: Hip Nerves	Jeff Strakowski, MD
8:20	Pathology & Injection Techniques of the Hip Nerves	Victor Ibrahim, MD
9:00	Break	
9:15	Live Scanning Demonstration: Knee Nerves	Jon Jacobson, MD, RMSK
9:25	Pathology of the Knee Nerves	Jon Jacobson, MD, RMSK
9:50	Live Scanning Demonstration: Foot and Ankle Nerves	Jeff Strakowski, MD
10:10	Pathology of the Foot and Ankle Nerves	Jon Jacobson, MD, RMSK
10:30	Injection Techniques for the Knee, Foot and Ankle	Victor Ibrahim, MD
11:30	Challenging Cases with Discussion	All Faculty
12:00	Lunch	
12:15	Interactive Polling Session	
1:00	Hands-On Scanning	
4:30	Adjourn
