Exchanges & Returns

Educational products may be exchanged or returned for a refund within 15 days of the purchase date, so long as the products are in resalable condition. By "resalable condition," it's meant that the seal is unbroken, product has not been written on, earmarked, or defaced in any way. Product refunds are ultimately honored at the discretion of Gulfcoast Ultrasound Institute. Shipping & handling charges are non-refundable. An RMA form provided by GUI will need to be filled out for all returns. CME quizzes for refunded products will not be accepted for processing. Due to the nature of their content, CME products featuring "case studies" are non-refundable. Regular refund policies do not apply to products not produced by Gulfcoast Ultrasound Institute. Such products are non-returnable/non-refundable. No exchanges or returns are accepted if product CME quizzes have been processed. No CME quizzes will be processed for products that have been exchanged or returned. Sales are final for bookstores/distributors.
